EDUCATION

Board	Tenure	Educational institution	CGPA/Percentage
B. Tech (CSE)	September 2020 –Ongoing	VIT Bhopal University	8.05/10
Class XII	July 2019	Kendriya Vidyalaya Greater Noida	78.8%
Class X	May 2017	Kendriya Vidyalaya Greater Noida	9.4 CGPA

ACADEMIC PROJECTS

Web Development	▪ **Saizer** (May 2023 – July 2023) - Description: Developed and implemented "Saizer," an open-source article summarizer that efficiently condenses lengthy articles into concise and clear summaries. This project aimed to save time for users by extracting essential information from web pages, enabling them to collect valuable insights effortlessly. - Technology: HTML, Tailwind CSS, ReactJs, Redux, Rapid API. - Solo Project - Result: Created a high-speed web page summarization tool capable of generating comprehensive summaries in under 10 seconds. - Link: https://coruscating-griffin-e6defb.netlify.app
Web Development	▪ **WEB3** (May 2023) - Description: I developed a cryptocurrency crowdfunding app with a modern and user-friendly interface that is connected to the MetaMask wallet. The app allows users to easily create and manage crowdfunding campaigns, and to securely contribute to campaigns using their cryptocurrency. The app was designed with a focus on user experience, and it has been well-received by users with Solidity contracts. - Technology: HTML, Tailwind CSS, React JS , Sepolia Faucet , MetaMask wallet, Solidity . - Solo Project - Result: Provided interface for cryptocurrency crowdfunding using fake Ethereum Sepolia. - Link: https://github.com/meetayush2016/crowd_funding

EXPERIENCE

Externship	▪ SmartInternz (Cybersecurity and Ethical Hacking) (May 2023 – July 2023) - During my externship at "SmartInternz" with a focus on Cybersecurity and Ethical Hacking, I acquired fundamental knowledge of Linux, various cryptographic algorithms, and the essentials of Bash scripting. - My team successfully conducted a vulnerability scan on Metasploitable 2, identifying vulnerabilities and devising effective exploitation strategies.
